

## Who We Are

The [State Funding Readiness Project \(SFRP\)](#) provides **free, fast, and flexible technical assistance** to jurisdictions preparing for, applying for, and implementing funding from the Infrastructure Investment and Jobs Act (IIJA) and the Inflation Reduction Act (IRA). We **work with subnational jurisdictions**—states, local governments, U.S. territories, Tribes, and community-based organizations—to help them **unlock the full potential of federal climate investments and direct funding to ambitious, equitable climate projects**. We are unique in our ability to deliver and streamline **surge capacity and individualized services at no cost** to jurisdictions increasingly faced with **capacity and resource constraints**.

### Impact To Date

**40**  
projects  
completed

**25**  
jurisdictions  
supported

**\$2.3B**  
federal funding  
requested

**\$1.5B**  
federal funding  
awarded to-date

## Service Offerings

We offer a range of support services organized under **three pillars of support**.

### Foundational Readiness

*Prepare for federal climate investments*

Federal Investments  
Mapping

Resource Mapping

Stakeholder Mapping

Workforce  
Landscape Analysis

Strategic Guidance

### Grant Application Support

*Apply for federal climate investments*

Application Preparation  
& Coordination

Narrative  
Development & Review

Stakeholder &  
Community Engagement  
Plans

Budget Support

### Post-Award Implementation

*Implement federal climate investments*

Contractor  
Solicitation

Grant Management  
& Reporting

Stakeholder &  
Community Engagement

Workforce  
Development

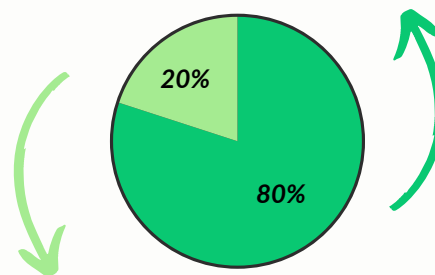

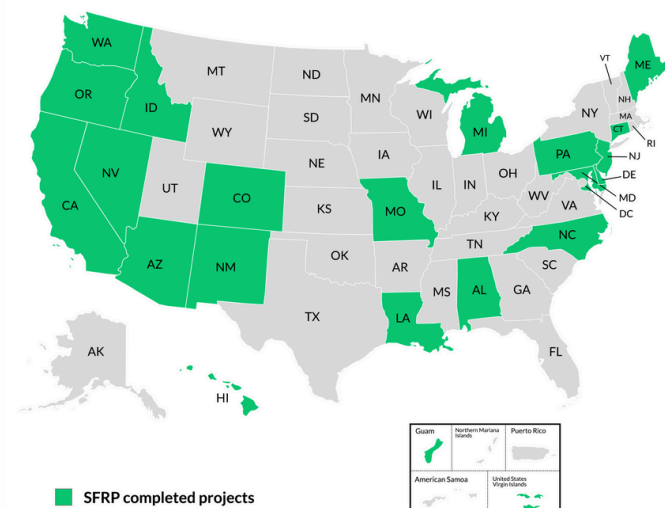

## The Case for Scaling

Progress to date has **demonstrated the need and success of this model and its readiness to expand across the country.**

## Grant Application Support

- \$1.5B in total secured federal funding
- \$2.3B in total requested federal funding
- 12 federal programs supported
- 97% Justice40 programs

## Foundational Readiness

- 200 federal funding programs identified
- 120 technical assistance resources identified
- 420 stakeholders mapped
- 80 workforce initiatives identified

## Post-Award Implementation

Strategic opportunities to deploy awarded funds include the **Climate Pollution Reduction Grants (CPRG)** and the **Greenhouse Gas Reduction Fund (GGRF)**.

### CPRG Planning

SFRP can assist jurisdictions with Comprehensive Climate Action Plan (CCAP) components, such as:

- Intersection with other funding availability
- Workforce planning analysis
- Meaningful community and low-income disadvantaged communities (LIDAC) engagement

### CPRG Implementation

SFRP can help jurisdictions with initiating their CPRG Implementation Grants, such as:

- Scope of Work (SOW) creation to hire contractors
- Job quality strategies and commitments
- Community, especially LIDAC, benefits analysis

### GGRF Solar for All

SFRP can support jurisdictions with deployment of their Solar for All Grants, such as:

- Request for Proposal (RFP) creation to hire contractors
- Creation of robust workforce development plans
- LIDAC engagement and benefits analysis
