SUBJECT: Protect the Presidential Management Fellowship Program

Dear [Senator/Representative's Name],

I am a constituent and PMF [Fellow/alum] who is deeply concerned about the elimination of the Presidential Management Fellows (PMF) Program, the Federal Government's premier leadership development program.

That is why I joined over 500 PMF Fellows and Alumni in signing the attached letter in support of the “[Training Aspiring Leaders Emerging Now to Serve](#)” Act (S.1768) or TALENTS Act, co-sponsored by Senators Andy Kim and Jeff Merkley, which would codify the PMF Program into Federal law. For over 40 years, the PMF Program has provided an efficient way to cut through the red tape and slow hiring processes to deliver the best and brightest talent to the federal government.

This letter outlines how eliminating this program will make the federal government less efficient and less effective for the American people. You may read the full letter [here](#).

On a personal note, as a [Fellow/Alumni], [personal anecdote about your role or the impact the program has had on you, 1-2 sentences is sufficient but more is good too].

I strongly urge you to co-sponsor the TALENTS Act and support any immediate action that will reinstate this critical pipeline for early career talent. Your leadership will help ensure our government continues to benefit from the next generation of innovative, mission-driven public servants.

**Optional* I would like to request a meeting with you or a member of your staff to discuss this issue. I can be reached at [your contact information].*

Thank you for your time and consideration. I look forward to your response.

Sincerely,
